

America's Finest Custom Aluminum Windows

J. Sussman, Inc. is the oldest and largest supplier of custom frames for ecclesiastical buildings.

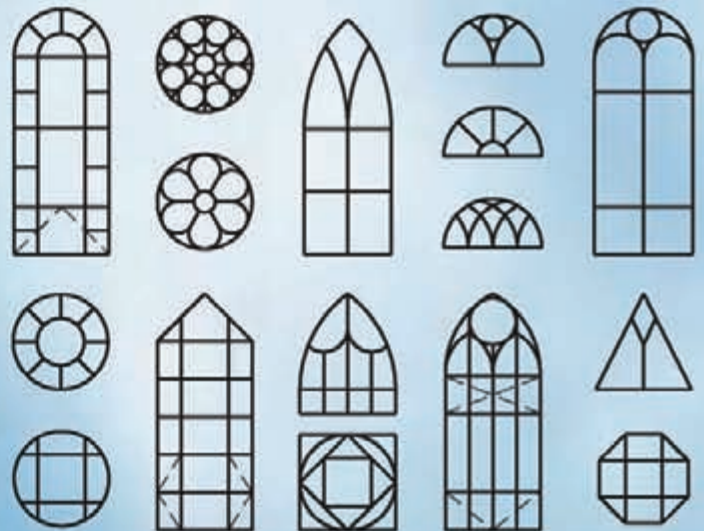

J. Sussman, Inc. window systems are made to receive stained glass and protective glass to provide maximum protection as well as insulation from cold and sound. Insurance and fuel costs can be substantially lower.

Systems are available to receive insulated or single pane protective glass and are available with either thermal or non thermal break aluminum. Exterior protective glass can be installed at time of erection and the stained glass can be installed at the church's own convenience.

With over 100 years of experience and thousands of successful installations worldwide, J. Sussman, Inc. is the proven leader of fine quality, fast service and competitive pricing for the church window industry.

- Custom Shaped Windows
