

FYI: Stained Glass Gallery

Photographic Presentations of New Work and Recent Restoration

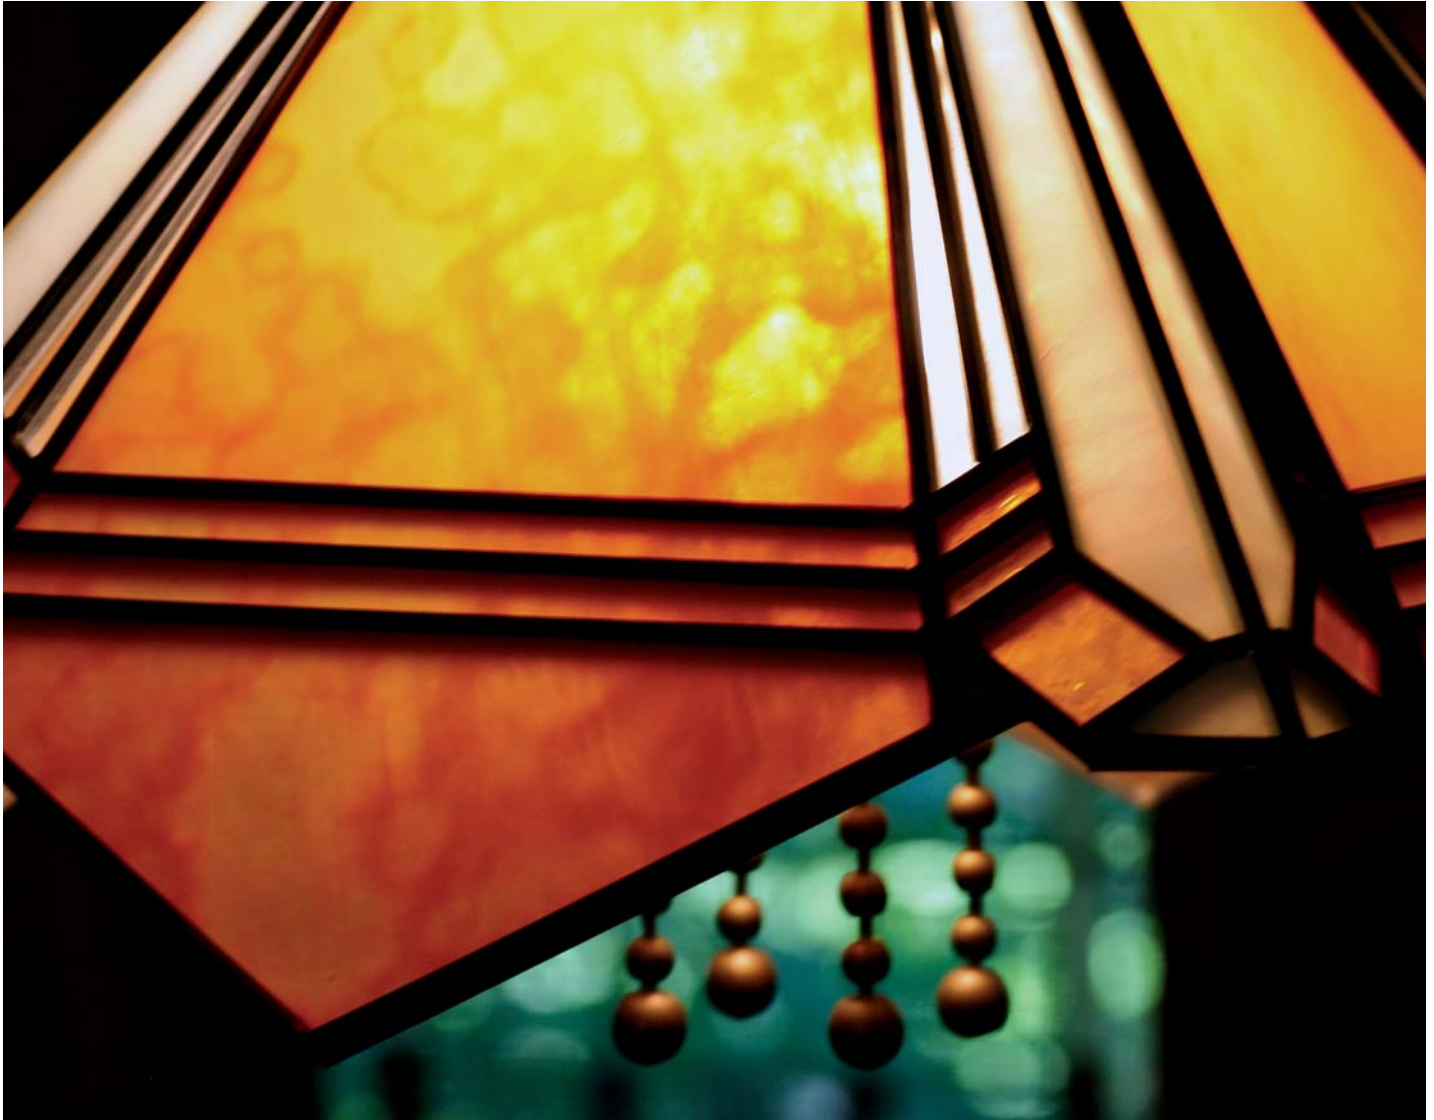

“FYI: Stained Glass Gallery” features new work and recently completed restorations. Work presented is selected from among the submissions received to highlight what is happening right now in the world of stained and decorative art glass. This section of *The Stained Glass Quarterly* is open to everyone creating stained and architectural art glass for religious, corporate, public, or private buildings. For information on sending work for consideration, e-mail webmaster@sgaaonline.com, or call the Stained Glass Association of America headquarters at 800.438-9581.

For more information on “FYI: Stained Glass Gallery” and to view Galleries from past issues, visit www.stainedglass.org.

Morava Studios

Oak Park, Illinois

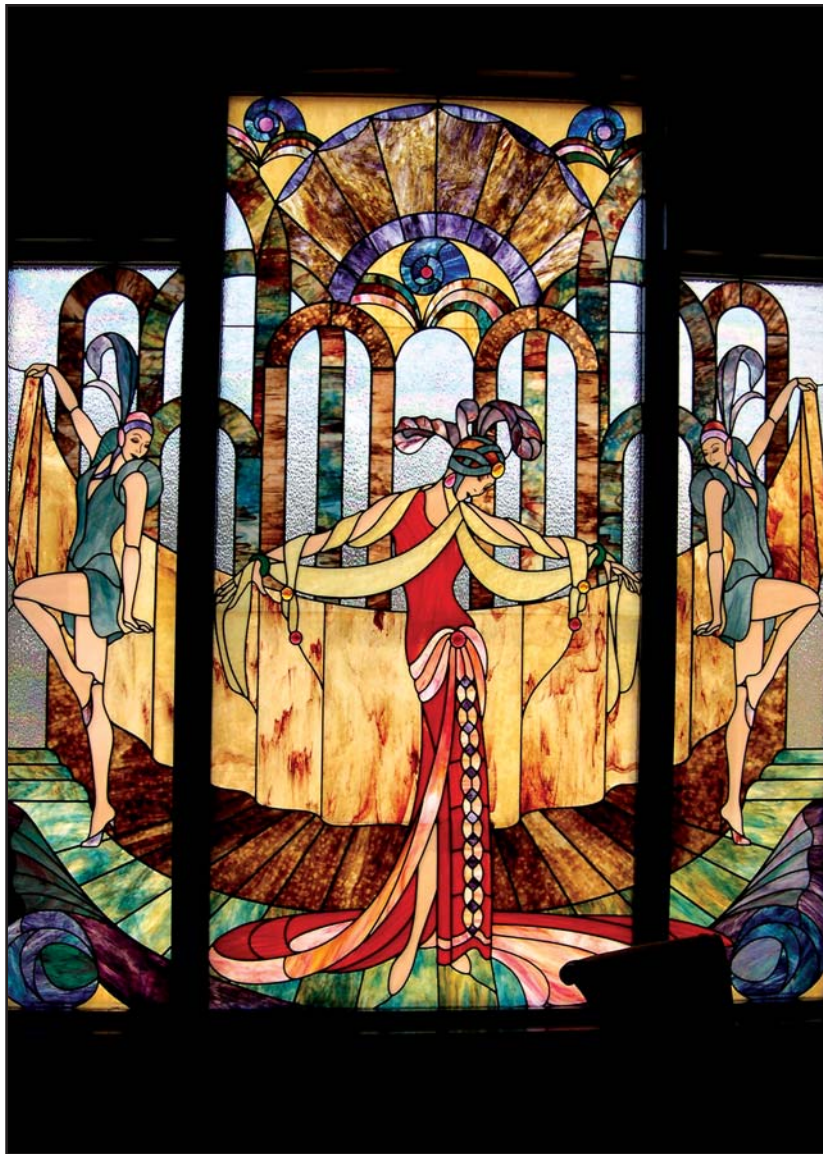

Morava Glass Studios is a custom stained and leaded art glass manufacturer located in Oak Park, Illinois, serving the greater Chicago area for more than 26 years. Morava Studios designs and creates custom glass for windows and doors of residences, religious institutions, and commercial businesses. Specializing in Prairie School and Arts & Crafts styles, Morava Studios excels in artistic designs for cabinet inserts, transoms, side lights, doors, skylights, and ceilings.

The artisans of Morava Glass Studios specialize in the restoration, conservation, and replication of all styles of ornamental windows, doors, and lamps. Services also include installations, consultations, and project management.
